Scope and Content Note

Mary Baker Eddy Pamphlets and Serial Publications consists of over 600 items chiefly from Mary Baker Eddy's files from her last residence at Chestnut Hill. All of the items in the collection were published during Eddy's lifetime except "The Children's Star" dated October 1912 (PE00030) and "A Funeral Sermon: Occasioned by the death of Mr. George Baker," 1679 (PE00109). Many of the items were annotated, marked, and requested by Eddy to be saved (see PE00055.033, PE00185-PE00189, PE00058.127). The collection consists of two series: Series I, Pamphlets and Series II, Serial Publications.

Series I, Pamphlets, consists mostly of the writings of Mary Baker Eddy as small leaflets or booklets. The series also consists of writings by persons significant to the history of Christian Science (Edward A. Kimball, Bliss Knapp, Septimus J. Hanna, etc.). Some of the pamphlets were never published such as "Why is it?" by Mary Baker Eddy (PE00262). Pamphlets also include "Christ My Refuge" sheet music (PE00032) and a Science and Health advertisement (PE00220).

Series II, Serial Publications, consists of magazines and journals published at regular intervals (weekly, monthly, quarterly) but not full runs of the publications such as those published by The Christian Science Publishing Society including The Christian Science Journal, Christian Science Sentinel, and Christian Science Series. Some of the titles are bound in a volume and include titles by Mary Baker Eddy including "Feed My Sheep" and "Christ My Refuge" bound in PE00129. Some of the titles are newsmagazines including The Granite Monthly, The Literary Digest, and McClure's Magazine. Series II also includes catalogues from academic, religious, and art institutions. Serial Publications do not include the newspapers or newspaper clippings from Eddy's files. However, clippings were made from these issues.
