## Incoming Correspondence of Mary Baker Eddy (Formerly Chestnut Hill File)

---

### Collection Description

Correspondence, c. 1880–1910

This collection consists mainly of letters received by Mary Baker Eddy and members of her household from c. 1880–1910. A small quantity of correspondence also predates and postdates this time span. Comments, notations, and responses by Eddy or her staff also appear on some documents.

Correspondents include family, students, employees, Christian Scientists, the general public, and a few notable figures such as journalist Arthur Brisbane and suffragist Susan B. Anthony. There are approximately 6,700 correspondent files, many consisting of one letter (see finding aid for complete list). It is likely that her personal secretary, Calvin A. Frye, organized this file with assistance from other secretaries in later years.

The name Chestnut Hill File derives from Mary Baker Eddy's last home in Chestnut Hill, MA, where the file was located until it was moved to The First Church of Christ, Scientist sometime after 1915. Because of confusion about the scope and content of the file—it is not correspondence only from the time Eddy lived at Chestnut Hill, nor is it material about Chestnut Hill or the home located there—the file has been renamed to reflect what the file does contain, Eddy's incoming correspondence.

**Size of collection:** 38.3 linear feet

**Date opened:** large portions on September 29, 2002 and December 23, 2002

**Access:** Some material is open. Remaining material will be processed upon request. See finding aid for a complete list of files and their status.

## Provenance

The Chestnut Hill File was transferred to the archives of The First Church of Christ, Scientist, sometime after the conveyance of Eddy's personal property from the Trustees Under the Will of Mary Baker Eddy to the church. Since 1972, The Christian Science Board of Directors, under an assignment of rights by the Trustees under the Will of Mary Baker Eddy, owns Mary Baker Eddy's intellectual property including her writings, both published and unpublished, as well as various historical collections relating to her.

## Withdrawn Items

The Christian Science Board of Directors and the Trustees of the Mary Baker Eddy Library for the Betterment of Humanity are committed to making research material available to users on equal terms of access. Equal access does not mean that all material is open for research use. It is the responsibility of the Library to balance the researcher's need for access with the needs for confidentiality of persons and institutions whose activities are reflected in the material. Consequently, the use of some material in the Library, especially that of recent date, is subject to restriction. Sometimes restrictions are specified by the transferring organization or donor and apply to a specific body of material, sometimes for a specific length of time.

The Christian Science Board of Directors, alone, may decide upon the opening or closing of any of Mary Baker Eddy's writings; archival material owned by The First Church of Christ, Scientist; or Organizational Records owned by The First Church of Christ, Scientist. The restrictions on closed material will be reevaluated approximately every ten years.

## Copyright

Works may be protected by copyright. The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excesses of "fair use," that user may be liable for copyright infringement. This institution reserves the right to refuse to accept a copying order if, in its judgment, fulfillment of the order would involve violation of copyright law.

Direct your questions concerning copyright or to obtain permission to publish to the Publishing and Permissions Office, The Mary Baker Eddy Collection, 210 Massachusetts Avenue, Boston, MA 02115, Tel: (617) 450-3400, Email: [permissions@marybakereddycollection.org](mailto:permissions@marybakereddycollection.org)

### **Series Description**

The Incoming Correspondence of Mary Baker Eddy consists of 100 document cases organized by a numbering system where the correspondents with the largest amount of correspondence are filed at the beginning and the correspondents with the smallest amount are filed at the end. Although not a rule, the first half of the file's correspondence consists mainly of letters from members of The Christian Science Board of Directors; prominent workers of The First Church of Christ, Scientist; leading workers of The Christian Science Publishing Society; and former students.

Please consult the finding aid for a complete listing of correspondents.
